SUBJECT: LETTER OF RECOMMENDATION FOR G7 CONSTRUCTION

To Whomsoever It May Concern,

It is a pleasure to highly recommend **G7 Construction** for any commercial or Hospitality construction and interior projects.

They recently executed the complete structural and interior fit-outs for our project at **Pivo Garten – The Beer Garden, Koregaon Park Annexe, Pune**. Finding a contractor who excels at both heavy structural work and detailed aesthetic interiors is rare, but the G7 team delivered flawlessly on both fronts. They are highly reliable, transparent with their material usage, and strictly adhere to timelines.

Any client looking to build or renovate their space is in excellent hands with them.

Warm regards,
